1. Account Overview

Harborline offers two savings products: the Harbor Saver account and the Harbor Plus account. To open an account you must be at least 18 years old, hold a valid government-issued photo ID, and be a resident of the United States. Joint accounts may have up to two owners.

The minimum opening deposit is $100 for the Harbor Saver and $500 for the Harbor Plus. There is no minimum balance requirement for the Harbor Saver, and it carries no monthly maintenance fee. The Harbor Plus has a monthly maintenance fee of $5, which is waived in any month where your daily balance stays at or above $2,500.

Accounts are opened online or at any Harborline branch. We verify your identity before the account is activated, which usually takes one business day. Deposits are insured up to $250,000 per depositor, per ownership category, by the federal deposit insurance program.

2. Interest Rates

The Harbor Saver earns a variable annual percentage yield (APY) of 3.10% on all balances. The Harbor Plus earns 3.85% APY on the portion of the balance above $10,000, and 3.10% APY on the portion up to $10,000.

Interest is compounded daily and credited to your account on the last day of each statement cycle. Interest is calculated on the collected balance, which excludes deposits that have not yet cleared. Funds deposited by check begin earning interest on the business day after the check clears.

All rates are variable and may change at any time. We will notify you of a rate change at least 14 days before it takes effect, by email and in the online banking message centre. The APY shown assumes that interest remains on deposit until the end of the statement cycle; withdrawals may reduce earnings.

Promotional bonus rates, when offered, apply only for the period stated in the promotion, and revert to the standard rate afterwards. Bonus rates are not guaranteed and are not available to accounts that were closed and reopened within the previous six months.

3. Withdrawals and Transfers

Federal rules allow up to six convenience withdrawals or transfers from a savings account per statement cycle. Convenience withdrawals include online transfers to other banks, bill payments and debit card purchases. If you exceed six in one cycle, we charge an excess withdrawal fee of $10 for each additional transaction. Withdrawals made in person at a branch or at an ATM do not count toward the limit.

The daily ATM withdrawal limit is $600 per account. The daily limit for debit card purchases is $2,500. You can request a temporary limit increase by calling customer service; approval takes up to two business days.

Wire transfers can be requested online or at a branch. Domestic wires cost $25 and international wires cost $40. Incoming wires are free. Wires submitted before 3 pm Eastern Time on a business day are sent the same day.

Transfers between your own Harborline accounts are free and instant. External transfers via the ACH network are free and typically arrive within two to three business days. The maximum ACH transfer is $10,000 per day.

4. Fees and Dormant Accounts

An account is considered dormant if there has been no customer-initiated activity for 12 consecutive months. Interest credits and fees do not count as activity. Once an account is dormant, a dormancy fee of $8 per month is charged until the account is reactivated or the balance reaches zero. We will write to you at your last known address 60 days before the account becomes dormant.

Paper statements cost $3 per month; electronic statements are free and are the default. If you close an account within 90 days of opening it, an early closure fee of $25 is deducted from the closing balance. Closing an account after 90 days is free.

Harborline does not offer overdraft protection on savings accounts. A transaction that would take the balance below zero will be declined, and no fee is charged for the declined transaction. Returned deposit items are charged $12 each.

Replacement debit cards are free for the first request each year; additional replacements cost $10. Expedited card delivery within two business days costs $20.

5. Disputes and Contact

If you notice an unauthorised or incorrect transaction on your statement, you must report it within 60 days of the statement date. After that period we may not be able to recover the funds. Report problems by calling 1-800-555-0177, which is staffed 24 hours a day, or by sending a secure message through online banking.

We will investigate every dispute and complete our review within 10 business days. If we need more time, we will provisionally credit your account for the disputed amount within those 10 business days while we continue the investigation, which can take up to 45 days.

To file a formal complaint, write to Harborline Customer Relations, PO Box 4410, Columbus, Ohio. We acknowledge written complaints within 5 business days and aim to resolve them within 30 days.

This agreement is governed by the laws of the State of Ohio. Harborline may amend these terms with 30 days written notice. Continued use of the account after the effective date means you accept the amended terms.
